Sports News

Under 6 Gold and U6 Blue soccer teams having fun on Saturday mornings!

Soccer Results

U6 Gold - TPS 4, Alberton PS 2
U6 Blue - TPS 2, OLMC 3
U7 - TPS 1, Prospect PS 1
U9 - TPS 3, Richmond 0
U11 - TPS 1, St Josephs 1

SAPSASA News

Congratulations to Yana, Mariah and Kiara who were all successful in being selected in the 2017 Airport District SAPSASA Soccer team for 2017. The girls will participate in the annual SAPSASA Soccer Carnival competing against other districts in the state throughout week 9. Good luck girls.

Congratulations to Noella and Amber who both made the SAPSASA Airport District Netball team for 2017. After many trials and competing against girls from 28 schools, Noella and Amber were successful with all the hard work they put in. Good luck next week girls in all of your games.

Mark Pannenburg

Basketball

This week the Torrensville Tornadoes won by forfeit against BFPS Breakers and The Heat were defeated 33 to 3.

Both team's enthusiasm and commitment to playing has been inspiring. Each player has made improvements in their skills through regular Monday lunch time practices, which is evident during their games. Well done to both teams!

Julie Papafotiou - Coach

Netball

During term 2 the Torrensville netball teams have been playing on Thursday nights at ETSA Park. The Year 7 team has played 3 games, winning 2 of them. The year 5/6 team have lost their games, however everyone is having great fun!

Thanks to the parents and coaches who have made participating in the netball competition possible.

OSHC ROOM RENOVATION & RELOCATION

DATE: WEEK 6 WEDNESDAY 7th JUNE 2017 - WEEK 9 TUESDAY 27th JUNE 2017

WHERE: THE SCHOOL GYM

ALL OSHC PROGRAMS WILL BE FULLY OPERATIONAL DURING THIS PERIOD FROM THE SCHOOL GYM.

CONTACTING OSHC

PLEASE FEEL FREE TO CONTACT US AND LEAVE A MESSAGE ON OUR USUAL LINE 8354 0837

WE WILL CHECK MESSAGES DAILY.

DURING OPERATIONAL TIMES

7AM - 9AM AND 3PM - 6PM.

PLEASE CALL OUR MOBILE 0439 603 809

OUR RENOVATIONS INCLUDE

NEW FLOORING, A FRESHLY PAINTED ROOM & SOME NEW FURNITURE.

ANY QUESTIONS?? PLEASE SPEAK TO ONE OF OUR FRIENDLY EDUCATORS.

Reminder: School is closed this Monday, 5th June for teacher training.

If you require care, contact OSHC for bookings.

Currently each school can be closed for teacher training 4 days during the school year. Two of these days are for moderation (within our school and with other sites). On Monday it will be an opportunity for staff to be moderating in maths. Let me put this in ‘non teacher terms’. The Australian Curriculum provides the content for every school to teach. To make sure teachers at school are rating student work at the same level, they compare student work samples (moderation). This ensures we have consistency across schools (that one school isn’t rating the same level of work higher or lower than another school).

In term 3 (Monday 4th September) our teachers will be moderating work samples with teachers from Lockleys and Flinders Park Primary.

Be Sustainable!

By switching to reusable coffee cups we would divert 500 billion take away coffee cups from landfill every year!

PUPIL FREE DAY

last day of term Friday 7th July

At our last Governing Council meeting, permission was given to hold one of our four pupil free days on Friday 7th July, which is the last day of this term. My apologies for this not being included on our term planner. We have just had an opportunity to book a local ‘expert’ on coding (a component of digital technologies) to work with our staff. Out of School Hours Care will be open on this day if you require care for your child. Students last day of school for the term will therefore be Thursday 6th July.

Reconciliation Week

This week in Room 12 we did some ‘Book Tastings’ as a Reconciliation Week activity. Our pre-service teacher, Claudia came up with the idea to transform our classroom into a restaurant for our tasting. Different tasks were set for each book we read. Everyone loved this activity and we learnt so much about Aboriginal rights and things that have happened in the past. Overall, this task was great fun, and an interesting way to learn.

Abida H
In Room 4 we have been identifying the properties of 2D and 3D shapes. We have constructed the 3D shapes from flat templates to understand the difference between 2D and 3D. We then used our constructions to identify the number of faces, edges and vertices of each shape. Sandie Palamountain

In Room 2 this is Elisa, year 3, showing the class how she worked out a Maths Word Problem about flying somewhere with a family of 4 and paying for the flight and the accommodation. With only $2000 to spend, they had to work out how much money was left over after paying for the flights and accommodation, and how much money they spent. David Peterson

Maths learning across the school.

In the next few newsletters classes will give a snapshot of some maths and numeracy learning happening in their classrooms. This week we’ve featured rooms 1 to 4.

The Australian Curriculum: Mathematics provides students with essential mathematical skills and knowledge in number and algebra, measurement and geometry, and statistics and probability. It develops the numeracy capabilities that all students need in their personal, work and civic life.

Room 3 have been engaging in some hands on maths activities. The activities involved measuring, ordering and comparing amounts of water different containers can hold, with an introduction to using the metric units of millilitre and litre. Jenny Ernst

Room 1 enjoyed using playing cards and dice to solve multiplication problems of 3 digit by 2 digit and then 3 digit by 3 digit using the 'STAR' Problem Solver. Susanna Makris
