1. Torrensville Primary School OSHC Philosophy

The Torrensville Primary School OSHC aims to provide a high quality service by providing an inclusive care environment where children feel valued, safe and supported. Children engage in and learn from meaningful activities with a focus on establishing positive, reciprocal relationships based on mutual respect.

The Children

At Torrensville Primary School OSHC the children are paramount to our work. We aim to provide children with opportunities to foster their self-worth and self-esteem. We recognise that children are individually unique and have the right to feel safe, secure and valued. We believe that children should have opportunities to learn through fostering their natural curiosity whilst also encouraging children to have 'down time' through rest and relaxation.

The Educational Program

We recognise that children have different needs and levels of development therefore we provide opportunities for children to engage in structured and free play activities where they can learn and refine skills at their own rate, in their own time. We aim to provide an educational program based on the children's interests; therefore we consult children regularly and plan together to ensure that the program is tailored to nurture their social, emotional, behavioral and cognitive needs. In conjunction to this we aim to provide an inclusive and diverse program relevant to the children participating, taking into account their cultural, linguistic and family background.

Our Relationships

The relationships at our OSHC setting are based on openness and mutual respect. Through providing a relaxed and positive environment where children are the focus of our work and interactions we hope to provide a place where children feel at ease to build meaningful relationships with educators and their peers.

The Environment

The physical environment at Torrensville Primary School OSHC is designed in such a way to ensure that the children have a sense of ownership and feel at ease. We provide a visually stimulating environment that is safe and secure, valuing the safety and health of all children, educators and visitors.

Our Practices

At Torrensville Primary School OSHC we collaborate and connect with a range of Children's Service bodies for guidance and expert knowledge to provide a high quality service. We believe that through connecting with and implementing certain practices of the Torrensville Primary School the children are provided with a care environment that is predictable, nurturing and consistent with their experiences at school.

Our Business

At Torrensville Primary School OSHC we aim to meet the needs of families within the community by providing a convenient and cost effective child care service to support families during Out of School Hours and School Holiday periods.

However, the forms associated with the enrolment differ depending on the child's age and health status and time of year in which an enrolment is made. It is essential that the OSHC service has up-to-date information about the health and guardianship of all children.

Enrolment is a legal requirement. Please ensure all forms are completed for new attendances. Families are encouraged to update children's health information yearly. In addition to this, a child can be refused enrolment if the family does not provide appropriate documentation and medication which is required for specific medical conditions. Please contact the OSHC to discuss the enrolment process and they will provide you with the relevant forms.

Failure to do so may result in your bookings being suspended or cancelled. If you have any problems with electronic signing in or signing out please speak to one of our friendly educators for support.

3.5 Authorised Drop Off and Collection Authorities

The safety of your child/ren is of utmost importance to us. Consequently, we will not permit your child/ren to be released in to someone else's care without written permission or notification from the enrolling family member. We value the input of children and families when planning the OSHC and Vacation Care program. The children are encouraged to provide their ideas. As a group we vote on activities and encourage children to place their ideas on the white board each week. Our program during school holidays (vacation care) provides the opportunity to extend on children's learning and interest as we have a longer day to do so.

Torrensville Primary School OSHC takes part in a number of recreational activities. Photographs may be displayed in the centre, activity books and on our digital photo frame. Parents and children's feedback is encouraged and welcomed in this book.

Photographs assist us with future planning and also give children and families the opportunity to reflect on experiences, friendships and our day to day practice at Torrensville PS OSHC

We encourage, praise and promote positive behavior from children and staff model appropriate behavior towards children. When conflict arises we offer alternatives help children work out difficulties and to understand positive ways of responding to negativity. It is the behavior that is not acceptable, not the child.

It is necessary however at times to correct or discipline children's behavior. Torrensville Primary School OSHC uses a time-out system, where children are given time to reflect on their behavior before an educator has a discussion with them. During the talk children are asked to think of alternatives to their behavior and offer an apology if required. Educators often re direct behavior for some children before their behavior becomes a problem. Tools such as timers, specific programmed activities and choices are explained and offered to children daily.

If a child's behavior is dangerous to others, or is consistently an issue, children can be suspended from Torrensville Primary School OSHC for a set time (This will be discussed with school leadership). Families will be notified and asked to collect their child immediately and a re-entry meeting will occur before the child is allowed back to OSHC. During the meeting a behavior management plan will be set up so the child understands the correct behavior that is expected from them.
